

The following forms must be reviewed and signed by the applicant and parent/guardian to participate with the Journey Foundation and its programs.

## Summary of Understanding

1. **Activities.** Many of the activities with Journey require physical exertion. Others require mental agility. All of the activities will require your participation and commitment to succeed. Activities could include hiking, river rafting, rock climbing, surfing, snorkeling, service projects, problem solving, etc.
2. **Teamwork.** In each program, participants are organized in groups of 8 to 10 participants. This will be your group for the week. They will depend on you as much as you will depend on them to succeed. Your knowledge and experience will help your group accomplish the goals and contribute to the leadership learning through out the week.
3. **Not a vacation.** The Journey Foundation is not a tour guide. You will not be stuck in a bus site seeing. You will be doing hands on activities that are designed to make you a better leader.
4. **Leadership training.** Journey's leadership training is based in self-efficacy theory. The activities and challenges are designed to incorporate and teach leadership through experiential learning with expert mentors to guide-on-the-side.
5. **Mentors.** Our experienced mentors are all trained in first aid and are CPR certified. They are also well trained in the leadership education taught in our programs. We have 2 mentors for each group of 8 to 10 participants.
6. **Facilities.** At summer camp, be prepared to camp. Program specific equipment lists will be provided when your application is accepted. All facilities are safe and approved.
7. **Preparation.** Prepare to have a ton of fun, meet new people and make new friends that will last a lifetime.
